

Next Week at NJS

Flu season is here!

Please be aware of the signs and symptoms of flu, which include a fever (100 degrees Fahrenheit, 37.8 degrees Celsius or higher), cough, sore throat, a runny or stuffy nose, body aches, headache, and feeling very tired. Some people may also vomit or have diarrhea. Please help us in keeping ill students at home for at least 24 hours after they no longer have fever and have stopped taking medication for fever or flu symptoms.

Keeping children with a fever at home will reduce the number of people who may get infected. A child with a mild cough or runny nose, but no fever, is generally OK to be at school. When in doubt, please check with your doctor. Good health habits like covering your cough and washing your hands often can help stop the spread of germs and prevent respiratory illnesses like the flu.
